NEUTRIK

SCNO*X-A

Rubber coated pollutant-protection cover for opticalCON cable connectors including front housing. Due to the innovative design, the ergonomic rubber boot can be safely locked with the spring loaded push/pull mechanism of the cable connector front and protects the fiber ferrules of any contamination especially during spooling of cables.

It can be mated with the chassis cover to keep the interior clean.

SCNO2MX-A	for opticalCON DUO multi-mode cables
SCNO2SX-A	for opticalCON DUO single-mode cables
SCNO2SAX-A	for opticalCON DUO single-mode APC cables
SCNO4MX-A	for opticalCON QUAD multi-mode cables
SCNO4SX-A	for opticalCON QUAD single-mode cables
SCNO4SAX-A	for opticalCON QUAD single-mode APC cables
SCNO12MX-A	for opticalCON MTP $^®$multi-mode cables
SCNO12SAX-A	for opticalCON MTP$^®$ single-mode APC cables
SCNO24MX-A	for opticalCON MTP$^®$24 multi-mode cables
